

Concealed Closer Multi-Genius

Code RPAC-990249

Fire-protection tested acc. To EN 1154A for use on fire and smoke doors:

*Size EN 1-4 up to 1100mm wide

*Size EN 2-5 up to 12500mm wide

- Maximum opening angle of 165 degree (integrated standard mounting)
- Transmission less construction with integrated eccentric link pull ensures that the resistance of the door decreases directly when opening
- Mechanic and damping unit are separate (only 12ml oil)
- visible closing force display (acc. To EN 1154A)
- Adjustments to the closing speed also available when latch is in inserted status
- Suitable for left and right hand door mounting
- Available with mechanical or electromagnetic hold-open, single or double leaf
